

Mental Health Investment Standard for the year ended 31 March 2025 for NHS Cheshire & Merseyside Integrated Care Board

All ICBs were required to plan to achieve the Mental Health Investment Standard in 2024/25 and to spend greater than or equal to the 2024/25 Mental Health Investment Standard target spend number provided by NHS England.

As the Accountable Officer of NHS Cheshire and Merseyside ICB, I am responsible for the preparation of the Mental Health Investment Standard Compliance Statement (the "Statement") for the year ending 31 March 2025 and for the financial information on which the Statement is based.

This includes the design, implementation and maintenance of internal controls relevant to the preparation of the Statement to ensure that mental health expenditure is correctly classified and included in the calculations, and that the Statement is free from material misstatement, whether due to fraud or error.

To the best of my knowledge and belief I have properly discharged my responsibilities with regard to reporting against the Mental Health Investment Standard.

I consider that NHS Cheshire and Merseyside ICB complied with the requirements of the Mental Health Investment Standard for 2024/25. The 2024/25 target spend was £581.602 million and actual spend was £591.031 million.
