**Your Request:**

**If available, please list all the individual GP practices within your ICB, including the provider / operator of the practice (e.g. Lakeside, Operose etc), the patient list sizes and the provider / operator of the practice.**

**Our Response:**

Please be advised that up to date GP Practice patient list sizes are published and publicly available on the NHS Digital website via the following link:  
<https://digital.nhs.uk/data-and-information/publications/statistical/patients-registered-at-a-gp-practice/january-2023>

Please find enclosed '*GP Practice/Provider List*' which details the information held in relation to the provider names recorded in respect our member GP Practices for each of the former CCG areas that now make up NHS Cheshire & Merseyside ICB. Please note where the provider is listed as 'GP / GP Partnership' this indicates that the GP Practice provider is either a single GP or group of Partner GPs based within that GP Practice.
