Our Response:

Please find enclosed the current job descriptions held by NHS Cheshire & Merseyside ICB in respect of the above former CCG area roles listed in your request. Please note that following the merger of the former Cheshire CCGs on 01 April 2020 to form NHS Cheshire CCG, there is no separate 'Cheshire East' and 'Cheshire West' programme lead job descriptions. Additionally, where there is not a job title that specifically matches the role in your request (i.e. those where roles have been renamed and have specific rather than generic titles), we have provided the closest matching job description/band to that role.
